TR3880 / TR4580 / TR5580

Double Rotor Rake and Smooth Turning Operation

TR3880

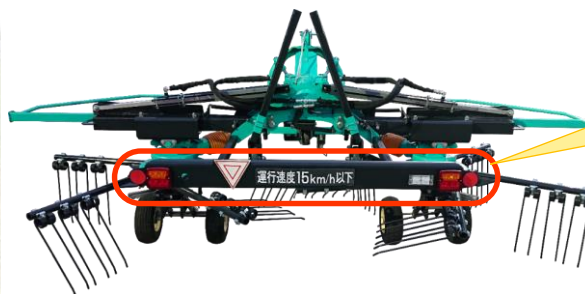

Easy collection from all corners of the field

Adjustable
working width
for various
conditions

Three rows of tines
on each arm reduce
collection loss!

TR4580

Tail lamps and firearms
as standard equipment

Adjustable working width

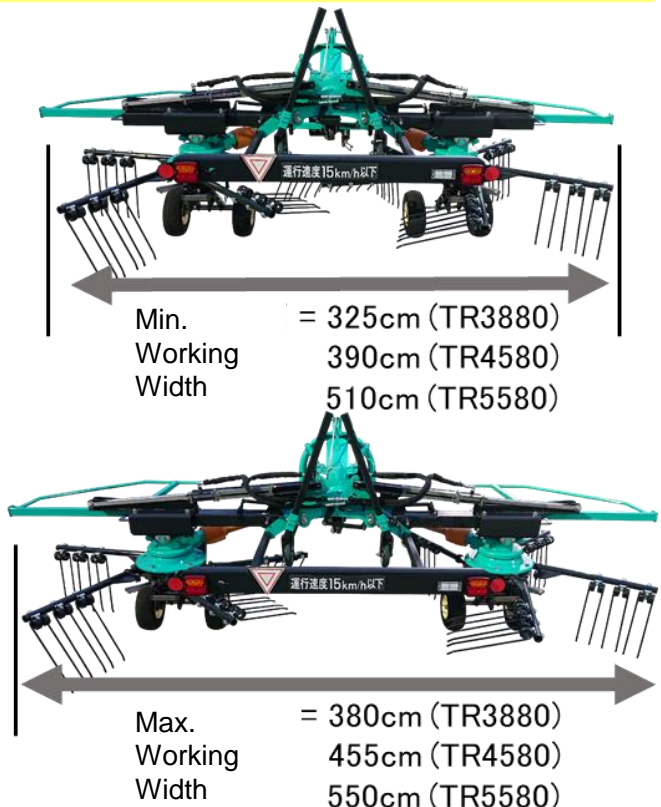

Working width can be adjustable depending on the working width and amount of grass.

※TR3880/TR4580:5 Levels TR5580:3 Levels

TR3880 : 325cm, 340cm, 350cm, 365cm, 380cm

TR4580 : 390cm, 400cm, 420cm, 430cm, 455cm

TR5580 : 510cm, 530cm, 550cm

3D cam improved collection performance

3D cam reduces vibration and noise and Smooth movement improves weed collection performance.

Option: Electric lock release attachment

Control box operation allows arm opening/closing to be unlocked.

Free Swing Mechanism

Easy to follow on uneven surfaces of the field and when turning, it is also easy to work around corners.

Adjustable working height

By replacing the pin position, the working height can be adjusted to 11 levels according to field conditions.

※TR5580 18 Levels

Compactness when moving

Hydraulic system to compact the arms when moving. The automatic lock prevents shaking during transportation.

Specifications

Model Name	TR3880	TR4580	TR5580
Working Width (cm)	325~380	390~455	510~550
Machine Size When Working (L×W×H) (mm)	2,290×3,250*4,060×1,500	2,685×4,230*4,870×1,600	3,120×5,290*5,700×1,360
Machine Size When Moving (L×W×H) (mm)	2,420×2,140×2,370	2,805×2,320×2,725	3,280×2,490×3,000
Machine Weight (kg)	485	585	690
Tire Size	13x5.0 6PR	15x6.5-8 4PR	15x6.5-8 4PR
Rotor Number	2		
Tine arm Number (/rotor)	5.0	6	7
Tine arm Number (/arm)	3		
Suitable Tractor Power (kW/HP)	25.7~58.8 {35~80}	36.8~73.6 {50~100}	51.5~88.3 {70~120}
Suitable Tractor Weight (kg)	1,900 up	2,200 up	3,000 up
Tractor Connecting Type	3P Direct Linkage (Category I/II)		3P Direct Linkage (Category II)
Working Speed (km/h)	3~7		5~8
Working Efficiency (min./10a)	3~7	4~8	2~3
